

# National Vehicle Crime Information Centre

## Expertise centre

The National Vehicle Crime Information Centre (Dutch LIV) is an expertise centre for vehicle crime and investigation assistance in the Netherlands. The organization is a central office, provides information, gives advice, and supports specific actions.

## Cooperation

LIV is a cooperation of:

- [RDW](#)
- [The Police](#)
- [Vehicle Crime Insurance Agency Foundation \(Dutch VbV\)](#)

LIV is the only organization in which public and private parties work together in investigation assistance related to vehicle crime.

## Services and products

LIV provides the following services and products:

- Information coordination
- Vehicle identification
- Falsification investigation
- Investigation support
- Analysis

More information about this can be found in the 'Services and products' article

## For whom

The Police and insurance companies are customers of LIV. However, the Dutch Tax and Customs Administration, the Fiscal Information and Investigation Service (FIOD), RDW inspection stations and foreign institutions can turn to LIV for advice and information.
